

ANGELO JOAQUIN M. RAMOS

Address: Rolling Hills Bamban, Tarlac
Phone: +63 960 823 5218
Email: wackzramos@gmail.com
LinkedIn: Angelo Joaquin Ramos

CAREER OBJECTIVE

Motivated fresh graduate aspiring to build a career in artificial intelligence and machine learning. Seeking an entry-level role where I can apply my programming, data processing, computer vision, and problem-solving skills to develop practical AI solutions while continuously expanding my technical expertise.

WORK EXPERIENCE

OJT Trainee - Information Technology | Berthaphil, Inc. Dec 2025 - Apr 2026

- Assisted in troubleshooting and resolving LAN, network switch, server, and printer issues to maintain reliable IT operations.
- Contributed to the improvement of an open-source vehicle logging web application using TypeScript, HTML, CSS, and JavaScript, enhancing features for vehicle, fuel consumption, incident, and maintenance tracking.

PROJECTS

Lazy Dashboard | React, JavaScript, Tailwind CSS, Supabase, PostgreSQL Jun 2026 - Present

- Built a full-stack Kanban task management system with drag-and-drop workflow.
- Developed productivity analytics and behavioral pattern detection with personalized insights.
- Implemented authentication, task CRUD, event tracking, responsive UI, and dark mode.

BullsEye | Python, TensorFlow, OpenCV, FastAPI, Roboflow Jun 2025 - Nov 2025

- Prepared and trained a CNN-based object detection model using Roboflow datasets with bounding-box annotations for detecting darts and dartboards.
- Developed the FastAPI computer-vision backend using TensorFlow and OpenCV, implementing image preprocessing, perspective transformation, HSV color segmentation, dart-tip localization, and automated dart score mapping.

EDUCATION

Holy Angel University 2022 - 2026
Bachelor of Science in Computer Science

Don Bosco Academy 2020 - 2022
Science, Technology, Engineering, and Mathematics (STEM)
Senior High School

Don Bosco Academy 2016 - 2020
Junior High School

CERTIFICATES

- AWS** - AWS Academy Cloud Foundations 2025
- Cisco** - Data Analytics Essentials 2025
- IBM SkillsBuild** - AI Fundamentals: Language and Vision in AI 2026
- HP Life** - AI For Business Professionals 2026

TECHNICAL SKILLS

Languages: Python, Java, Javascript, Dart
Frameworks: Flutter, React, TensorFlow, FastAPI
Tools: Git, Firebase, Supabase, Git, VS Code, Roboflow
Libraries: OpenCV
